Three Months Forecaster

As the planets move around the zodiac they make 'aspects' or angles to the planets in your birth chart. In astrology these 'aspects' are called 'transits' and they are detailed in the pages that follow.

Sometimes a planet may aspect another, then appear to move forwards and then backwards for a long period of time recreating the same 'aspect' several times over. This backwards motion is known as 'retrograde' motion.

This forecast can be used as a helpful guide to the next three months. At all times it is for you to choose the best path to follow and develop the most positive parts of your character.

In the area of communication, family ties and education, you will now feel a strong need to be heard and noticed by the people around you. It is also a good time to clarify misunderstandings or confusion, as you will be able to get your message across loud and clear. There may be more contact than usual with brothers, sisters and local residents and if you have recently been taking them for granted, then take this chance to make up for previous neglect. Expect a busy period ahead, with much coming and going. Short distance travel or starting new studies are likely. You will also feel the need to learn more and improve your communication skills.

There will be more group discussions than usual and you will probably have something to say about almost anything. Lazy afternoons

During this time you may as well resign yourself to the fact that very little will get done. Feeling pleasantly lazy and lethargic, you will much prefer to sit back and enjoy the comforts of life rather than rouse yourself to any action! This would be the perfect time to take a holiday or spend lazy afternoons with old friends.

During this time, there is likely to be much love, exciting romance, and possibly, the formation of new, long lasting friendships. Putting others' needs before your own, your sociable, outgoing and friendly aura could effortlessly attract new friends and lovers to you.

One special individual may certainly have a powerful effect on your life. This person may come from a completely different background or social circle, possibly even from abroad. Do you think you are only flirting? Well be prepared for something more long lasting! Existing relationships could certainly reach that next important stage and become more stable, secure and permanent. All love affairs, marriages and relationships should now benefit from more love, warmth and tenderness, strengthening emotional and sensual bonds.

Travel is also likely during this time.

Wanting to surround yourself with beauty, you will be willing to spend more than usual on splendid, and expensive, luxuries. Just as well that Lady Luck is likely to shine her light upon you with some sort of gift or financial bonus coming your way during this period. Just don't spend it all at once!

Also, as your moods could change drastically, this could be a very confusing time - a time when ego and self confidence could be at an all time low.

You will probably not understand why you are feeling so tired, irritated and just downright tetchy, but for some of you it is the culmination of months of frustration - and previously acceptable circumstances will no longer be tolerated.

Not content with superficial answers to questions, you will delve deeply in order to unearth and understand the truth. You may now come across some secret information previously hidden from you. In any case, the answers that you find may completely change your attitude to life and your way of thinking.

This is certainly a time to take advantage of any opportunities that come your way, especially if they involve travel. A new friend encountered on your journey could change your life. If travel isn't possible at the moment, then you could still hear or receive news from someone overseas or abroad - someone you haven't heard from in quite some time.

Inhibited

There is a certain amount of tension and confusion in your mind as to what to do next. One minute you could be feeling elated, as if you could conquer the world, and the next minute, plunging into the depths of depression questioning and doubting your own abilities. However, don't reject any changes in your life, no matter how disruptive.

If opportunities do come your way during this period then take them even if you are in one of your 'doubting' moods. These opportunities will represent a new chance to break free from outworn, inhibiting habits and circumstances.

Don't worry if you feel that you are sometimes taking one step forwards and yet another step backwards; this period is all about balanced personal growth. For everything you learn, something will have to fall by the wayside; maybe an outworn idea, maybe a mundane job, maybe even a stale relationship; but whatever you've now cut out of your life, it is because it is no longer needed.

Something hidden from your personal past may now come to light.

Patience will be needed during this time, don't rush plans and ideas. Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles. There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

Expectations

Considering yourself both invincible and indestructible, you are now likely to place unrealistic expectations on yourself. If you promise more than you can deliver, then squandered energy could result in disappointment and total exhaustion. Beware trying to accomplish too much too fast.

Financial extravagance and blind optimism could deplete your cash flow. You may feel as if your luck is in, but don't be fooled by superficial gloss and dubious get-rich-quick schemes. Money could also be squandered through being over-generous. Generosity is a virtue, but not when it is clouded by ulterior motives.

A devil-may-care attitude, a desire for danger, adventure and impulsive restlessness could cause you to rush headlong into action without sufficient forethought. You could therefore be prone to accidents.

Wanderlust could lead to travel, especially if you feel the urge to escape daily routine and responsibilities.

Start of new 11-12 year period of 'self assertion'

Calculated risks

Armed with more energy, enthusiasm and motivation, you'll now be ready to tackle any obstacle head on! Nothing and no one can now stand in your way.

It's time to set your targets, especially concerning career and business matters. Once these targets are set, then plot a direct course and aim straight for the top! If necessary, change jobs or even consider starting your own business. There couldn't be a better time to take a few calculated risks.

Whatever you begin now should flow smoothly and work out very well. The luxury of good fortune, coupled with hard, but satisfying, work should bring excellent results.

Other financial advantages may come through legal matters, especially those involving inheritance, or through insurance or tax payments.

Feeling competitive, energetic and strong, you're likely to involve yourself in sports or physical activity of some kind. Women are also likely to give birth during this time; that task requires a great deal of energy!

But do remember that too much exuberant and constant activity could eventually wear out even the most powerful of batteries. If you want to prolong the benefits of this transit, then occasionally sit back and rest. Don't overwork your system; treat your body with the respect it deserves.

Keep the breaks on

Freedom will be very important to you now. Interference in both your personal and professional life will not be tolerated. Restrictions on your independence will seem equally intolerable.

Feeling restless, and perhaps a little bit tetchy, it will be very difficult to settle down during this time. Mood swings will make your conduct unpredictable. Unexpected major changes are also likely to occur. These changes may be lucky breaks or they could be extremely disruptive to daily routine!

Patience will be needed during this time so don't rush plans and ideas. Don't fight against others and be negative simply for the sake of it! Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles.

There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

Because others are likely to be getting under your skin, they will certainly feel the wrath of your anger and frustration. But don't be too quick to jump to conclusions and lose your temper.

Remember, it is YOU who is feeling angry, irritable and rebellious. Why take out your frustrations on those you love simply because they are in the closest geographical proximity to you?

Wanting to assert your independence, you are likely to be contrary just for the sake of it. If someone says white you will say black. If someone makes a suggestion you will reject it - simply because they suggested it! During this period, you may not be an easy person to live with.

Instead of venting your rebelliousness and craving for independence on other, more innocent, bystanders - why not transfer all this energy into creating new opportunities? You may even decide to make your family bigger and better - expanding numbers so to speak! In any case, you will certainly try to make your personal and home life as secure, comfortable and luxurious as possible.

A word of warning - be careful not to over-extend or over-commit yourself. Don't promise more than you can deliver! No matter how much you think you can handle, you are only human and you will get tired from time to time. Make sure that you allow yourself plenty of time for rest and relaxation.

Mutual agreement

Relationships could be disrupted as either person may be demanding too much control or, alternatively, going to the other extreme and not pulling their weight. If changes are to be introduced, then they must be done by mutual agreement. If agreement cannot be reached, then one of you will probably make a sudden break for freedom.

Achievements

This could be a time of tremendous achievements - a time in your life when you are not prepared to take second best. Your aggression and sheer determination will enable you to do things that you've only dreamt of in the past.

Others will now look to you for leadership. You will be able to work as a manager or team leader, with enthusiasm and motivation that will be contagious. Colleagues will both respect and understand your opinions and actions.

Whilst you are so energetic, receptive and sharp, why not consider taking up a new study course or become involved in some form of retraining to help create new career opportunities? Now is the time to take a brave step into previously unexplored territories. It is time to broaden your professional horizons.

If a holiday or travel has been planned around now, then be prepared for some unusual, exciting situations and events to arise with the possibility of a lucrative and profitable outcome!

Busy

Your focus will now be on health and work. Being more meticulous and attentive than usual, this is an excellent time for work which requires mental skills. You will feel that if a job's worth doing, it will be worth doing very well indeed. However, take care not to worry excessively or nervous tension and stress could cause ill health. Beware becoming overly critical of others or bogged down in petty details. Often physical problems or illness are messages from your own unconscious mind, making you aware of things you may be doing wrong, or bringing to the fore repressed problems. Perhaps at the moment minor illnesses may be masking deeper emotional problems.

Bossy boots take care

Your bossy and overbearing way of behaving at this time could alienate others - especially loved ones. You are likely to be bad tempered and irritable and simply will not take 'no' for an answer. Or, you may have to suffer someone who is displaying all these arrogant traits, in which case, you will need to be patient until their mood passes. Take care during this time as you could be somewhat accident-prone.

Unexpected disruptions

Freedom and independence will be of utmost importance to you during these few days. You are likely to rebel against any type of authority. This could cause conflicts with those closest and nearest to you. Stale relationships are likely to end. Unexpected disruptions to your life should be looked upon as a challenge.

Initiative

You are directed towards friendships, activity within groups, clubs and associations. You will have a natural ability to rouse your friends into action, maybe too much, as there is also the possibility of disagreements with one or all of the above. Nevertheless, it is a good time for team sports and for working in a team effort to advance a cause. Also use this time to plan for your future and pursue your dreams. Work today for tomorrow's rewards.

Working life

This is a luckier than usual period for all work related matters. Work satisfaction will increase, either through a new job or better working conditions in your present job. This is a good time to ask for an increase in salary. Health should improve, however you will have to be careful about gaining weight. Take all things in moderation.

Self control

This is a time when you may find it difficult to be open and spontaneous, fearful of appearing foolish. Responsibilities will increase, but so may your accomplishments. But take care not to overload yourself with commitments, or your drained energies could cause you to become weary and withdrawn. Until recently priorities revolved around relationships with others and being concerned with how others saw you and related to you. You will now and for the next few years, need to be more introspective, turning your thoughts towards your emotional and mental needs.

Changes

Sudden changes of fortune are now likely, so expect disruption in joint finances, insurance, tax or inheritance. Do not become dependant on someone else's finances during this time, you will only come to resent it in time to come. Feeling the need to break free from restrictions and attachments imposed by others, you will now want to go your own way. Some phases of your life may end suddenly and irreversibly. Fascinated by the meaning of life and death, a new understanding of these matters will be sought. An exciting yet unstable love relationship may also start and end within a short space of time.

Critical

You may now approach relationships with excessive romantic idealism. Of course, you could be lucky and meet someone who is as idealistic as you are but such individuals are very rare. It is more likely that you will place your lover on too high a pedestal, and then be disappointed when they do not live up to your expectation. You may also be attracted to people who you feel need your help. In surrendering your own needs you may feel you are showing true love. But, you too are only human, and sooner or later your own needs will resurface, putting a great deal of strain on the relationship. Do not place unrealistic expectations on others, and do not allow them to walk all over you. This is not a good time for legal proceedings as poor communications and misunderstandings are likely.

Self expression

You should now avoid gambling or speculation as there is a possibility of losing control and destroying everything you have built up. On the other hand there is also the potential of accumulating riches or power, depending on how you handle the situation. Children may now also be the source of inspiration and transformation or there may be power struggles with your children. Love affairs and sexual relationships could be intense, obsessive and passionate - also undergoing drastic changes or disruption. However, any relationship that survives this period will grow from strength to strength.
